NARI Member Logo Usage

Preferred Logo

Use the preferred, full color version on all NARI Marketing and Communication pieces. Use the black or white versions of the logo only when necessary.

Size Requirements

Preferred Size: 1.25" wide

The required white space necessary around the logo is calculated by the height of the tagline - indicated by the grey X. That measurement is used to create equal height and width white space around the logo.

Minimum Size: 0.75" wide

The logo should not be displayed or printed any smaller.

NARI Member Logo Usage

Alternate Logo

Use the alternate logo only in instances where NARI is new to a market when the NARI acronym needs to be defined. Once the market is familiar with NARI, switch to the preferred logo.
