

Certification Renewal Application

Name _____ Certification _____

Continuing Education is one of the cornerstones of NARI certification; it ensures that all NARI certified professionals maintain current knowledge of the industry and renew their promise to abide by the NARI *Code of Ethics and Standard of Practices*. Annual recertification requires that certified professionals participate in at least 10* hours of continuing education each year. Please document your completed education in the space provided on the back. In addition, NARI is required to conduct quality checks of its certified individuals, to that end please provide the contact information of at least 2 individuals that you have personally been involved with that can attest to your continued competence in your certification. See note below for additional guidance.

These requirements, while not difficult to achieve, strengthen the individual's skills as well as the overall reputation and meaning of NARI certification.

Individual 1

Type of relationship _____
Contact Name _____
Phone Number _____ (Home/Cell)
Email _____

Individual 2

Type of relationship _____
Contact Name _____
Phone Number _____ (Home/Cell)
Email _____

I hereby attest to the following: I have continually worked full time as a professional in the remodeling industry as required by my certification during the last 12 months.. I have complied with NARI Certification's continuing education requirements. I hereby apply for recertification. My annual fee is enclosed.

Signature: _____ Date: _____

Note

- For certification holders that work in the field or have direct contact with clients, client contact would best support this requirement.
- For those whose work is more service related a supervisor and/or remodelers/suppliers that you have direct contact will suffice.
