NARI Friends,

We are down to our last three Community Service Project dates for the year! Thanks to those that have helped so far. **I would love to make a big push for the October 26th date with Habitat for Humanity.** I would love to see 20 NARI members register and take over the job site that Saturday. Imagine the amount of work that this group could complete in 1 day on a Habitat house! Let's show Habitat what a great group NARI is while we impress them with our skills. We will be working on a new build but all skill levels are welcome. **If we get 20 or more people, lunch is on me! Please see details below on how to register as soon as you can.** It helps them know where to send the group based on the size of the group.
