AUSTIN NARI GIVES A HELPING HAND

On November 7th, 2021, Michael Curlee fell about 15 ft from his deer stand and sustained a spinal cord injury that left him paralyzed.

COMMUNITY SERVICE PROJECT

Bliss Curlee Community Service Project

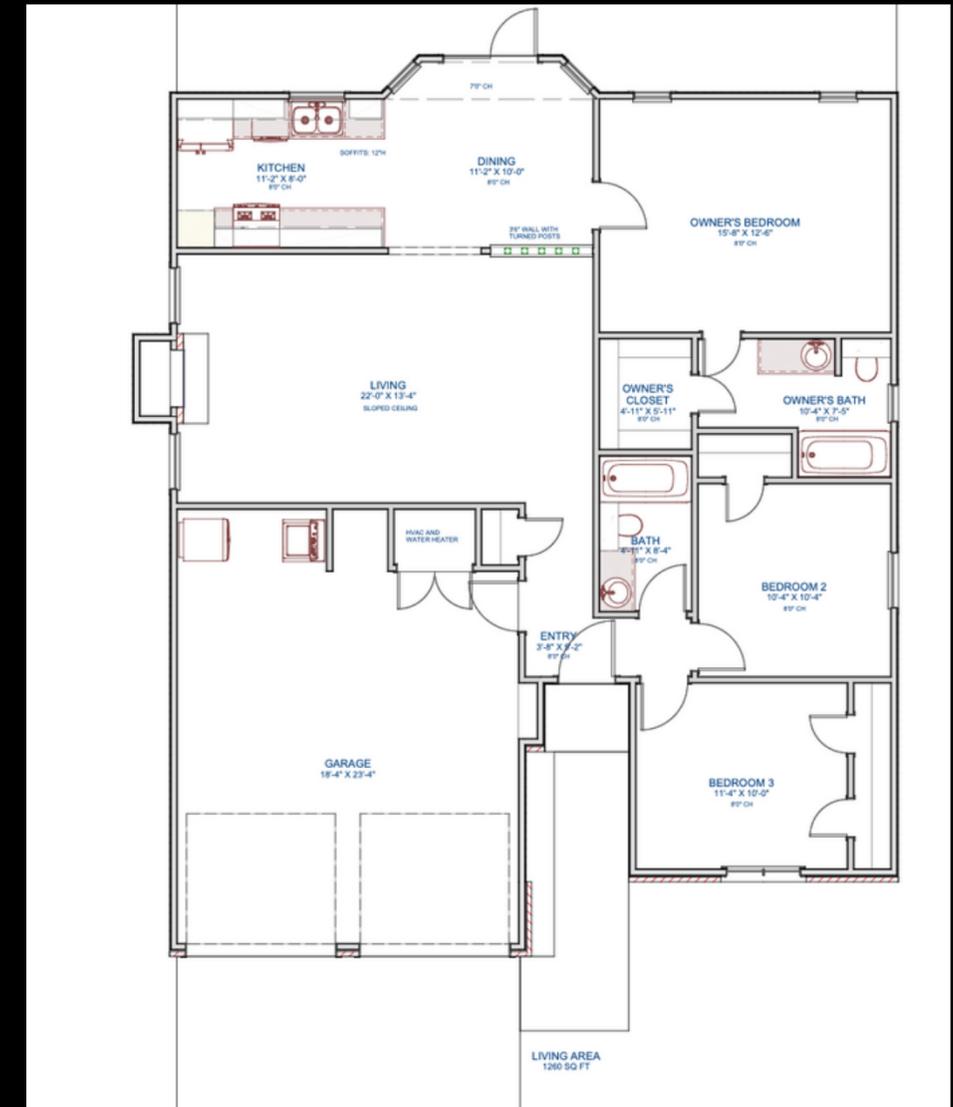

AUSTIN NARI GIVES A HELPING HAND

Michael's family's house was built in the 1970s and it needs significant structural changes, including the kitchen, bedroom, and bathroom, to accommodate using a wheelchair. Austin NARI's goal was to redo his entrance and all his flooring, remove several walls, relocate plumbing and make his bathroom handicapped accessible.
